

## The main page of the journal

The main page of the journal “Bulletin of Toraighyrov University. Physics, Mathematics and Computer Science series” contains information about the edition, the goal, the scientific field of the journal, and release frequency.

The journal website is available in three languages: Russian, Kazakh and English.

**Archive** section contains an archive of the issues and archive of articles that are available for download.

**For authors** section contains information on the requirements for the proposed articles, a sample of a formatted article, peer review rules, publication fees, publication ethics, and rules for authors and editorial policy.

**Editorial board** section contains information about the editorial board of the journal.

**Contacts** section contains information about the publishing house (phone number, e-mail and location).

## Registration for article submission

To submit an article for publication, the author must register on the website.

The screenshot shows the homepage of the Bulletin of Toraighyrov University. The header includes the university logo, navigation links (Archive, For authors, Editorial Board, Contacts), and a language selector (ENG). A search bar is present with the text "Find...". A green arrow points to a user icon in the top right corner. Below the header, a large banner image shows a modern library interior with the text "Bulletin of Toraighyrov University Physics, Mathematics & Computer Science series". Two buttons, "SUBMIT ARTICLE" and "INSTRUCTIONS", are overlaid on the banner. Below the banner, the journal title is repeated, followed by a link "Instructions for submitting an article". To the right, the "Title" and "Purpose" of the journal are listed, along with "Priority areas" numbered 1 to 4.

**Bulletin of Toraighyrov University**  
[Instructions for submitting an article](#)

**Title:** Bulletin of Toraighyrov University: Physics, Mathematics & Computer Science series.

**Purpose.** Publication of unpublished results of fundamental, exploratory and applied problem-oriented scientific research of an actual nature. The authors of the journal are scientists, researchers from all over the country and foreign countries in the field of physics, mathematics and computer science, as well as their methodology.

c) article did not pass examination and was sent for author's revision.

After submission, the article goes through the following stages:

- ✓ **Checking the structure of the article for compliance with technical requirements**
- ✓ **Checking the article for compliance with the subject, profile of the journal and initial assessment**
- ✓ **Checking the article in the anti-plagiarism system**
- ✓ **Peer review**
- ✓ **Consideration of the article by the editor-in-chief and the editorial board**
- ✓ **Payment verification**
- ✓ **Publication**

As the article passes the aforementioned steps, its status will change in the account.

**Checking the structure of the article:** the technical editor checks the correctness of the information provided by the author, the correctness of the formatting of the article according to the requirements of the journal.

**Checking the article for compliance with the subject, profile of the journal:** the article is checked for compliance with the scientific field of the journal.

**Checking the article in the anti-plagiarism system:** the article is checked for borrowed ideas and citations. The degree of originality of the article must be at least 60%. An anti-plagiarism report file is available.

**Peer review:** the article is sent to double blind peer review.

In the course of the peer review of the scientific article, the reviewer can:

- recommend the article for publication;
- recommend the article to be accepted with revision;

- recommend to reject the article.

Comments and suggestions of reviewers (without specifying their personal data) are sent to the author.

**Consideration of the article by the editor-in-chief and the editorial board:** the editorial board decides whether to accept or reject the publication, based on the results of the peer review.

**Payment verification:** the reception of the payment on the current account is verified.

Payment receipt is provided after the article is accepted for publication. Details for payment can be found in **For authors**→**Publication fees** tab.

The scanned payment confirmation must be submitted as .jpg/jpeg or .pdf file. The receipt of payment must contain the date of payment and *for publication* note.

The screenshot shows the 'My articles' section of the journal submission system. At the top, there is a navigation bar with links: Archive, For authors, Editorial Board, Contacts, and a language selector set to 'ENG'. Below the navigation bar, the 'My articles' section has a 'SUBMIT ARTICLE' button. Underneath, there are two tabs: 'Submitted Articles' and 'Published Articles'. The 'Submitted Articles' tab is active, showing a list of submission steps for an article titled 'Правовые аспекты деятельности органов МЮ РК'. The steps are: 1. Checking the article structure for compliance with technical requirements, 2. Checking the article for compliance with the topic, the profile of the journal, initial assessment, 3. Checking an article for anti-plagiarism (with a 'Файл антиплагиата' link), 4. Article review (with 'Рецензия 1' and 'Рецензия 2' links), 5. Review of the article by the editor-in-chief and editorial board, 6. Payment verification (with a 'Файл оплаты' link), and 7. Publishing an article. A 'REFUSAL TO PUBLISH' button is located at the top right of the submission list.
